Accordingly, a specimen of it has been analyzed by Dr. Chilton, of New York, who reports that each gallon of it holds in solution two grains of lead! It is evident, therefore, that for all this time the families using it have been feeding a slow poison! The Courier thinks that many deaths in those families, and present evidences of a wasting disease, are attributable to the use of the water.

## LOCAL NEWS

METROPOLITAN THEATRICALS.—If we are not in the first theatre in this city was temporarily fitted up in a large brick building, erected for a hotel on the site now occupied by the Post Office Department, and disposed of in an unfinished state by lottery. The fortunate winners were orphan children, who had not the means to com-plete the building, and it was occupied for a variety of purposes—a theatrical corps at one time giving repre-sentations in the large dining hall. It was there that Cooper made his first appearance in the metropolis, in the

character of "Hamlet."

The building now known as "Carusi's Saloon" was the first erected in Washington for a theatre, and it used to be crowded almost to suffocation by the admirers of the Philadelphia company, which made an annual visitation here. Jefferson, Warren, Entwistle, Mrs. Mason, and other popular performers were ever warmly welcomed. Since then we have had the "Washington Theatre" on

Louisians avenue, the "Adelphia Theatre" on Pennsylva-nia avenue, near 41 street, and the "National Theatre." The last-named having been burned, was rebuilt for Jenny Lind's concerts, and afterwards used for theatrical per-formances, but was badly managed, and few regretted the destruction by fire a second time.

It is true that we always have the exciting drama of political life before us, with different casts of characters, and many brilliant "stars." but good judges are of opinion that a medium-sized, neatly-fitted-up theatre would be a profitable investment to owner and manager. With theatrical performances, concerts, and an occasional ball there would be no lack of attractions, equally agreeable to the citizens and to the many strangers within our gates, who now yawn away most of their evenings.

PARRSTAL ADVICE.—Rev. Dr. Gurley, pastor of the F Street Presbyterian church, closed on Sunday evening his series of addresses to parents on their responsibilities and duties in bringing up their children. He chose as the subject of his discourse the injunction of our Saviour, that children should be brought up in the "nurture and admonition of the Lord." His explanation of the manner in which this is to be done was perfectly plain and practical, and produced a marked impression upon the large audience which had assembled to hear him. Parents (said he) should assemble their children on the Sabbath, and familiarize them with the Bible and the catechism by recitations; should give such explanations of these as would make simple and easily under stood whatever should seem incomprehensible to them should encourage them to select good, religious books for it was just as true that the character of a man could be known by the books which he reads as by the com-nany which he keeps. They should endeavor to be consistent; for in no way were the minds of children se easily led astray as by noticing inconsistency in their pa-rents. This training should commence in early youth, and although its good fruits might not immediately be visible, in later years it would lead to eternal life. There was no responsibility equal to that of the parent, and he had felt it his duty to be plain in speaking of it.

THE CITY COUNCILS LAST NIGHT. - A bill passed both boards appropriating one hundred dollars to aid the Teachers' Association of the District in taking a census of the children in the city of the proper age to attend the public schools. GRAND CONCERT.—The programme for the concert on Friday evening is truly an attractive one, combining Italan and English music, executed by artists of merit and renown. Parodi (the "peerless" in the estimation of nany) will sing celebrated arias from "Lucretia Borgia," ambula," and "Il Trovatore." Miss Milner will "Somnambula," and "Il Trovatore. Miss Milner will delight the lovers of Anglo-Saxon with that noble gem, With verdure clad," and a duett with Mr. Perring, who, on his part, will sing "Adelaide," from Beethoven, and an English ballad. Vieuxtemps will entrance the audience with several of his best performances, including the "Car-nival of Venice," and Signor Perugini will act as conduct-

or. Such a "grand combination" is rarely heard in the capitals of Europe, and will doubtless attract a large and a fashionable audience. There is no extra charge for reserved seats, and those who intend going will do well to secure them without delay.

EMBER THE POOR .- We trust that there will be full attendance to-morrow morning at the adjourner meeting of the "Ladies" Union Benevolent and Employ ment Society," which is to be held at eleven o'clock in the E street Baptist church. A systematic plan of alms-giving is much needed, and will then and there be discussed, and it is to be hoped that some scheme will be adopted by which all the charitable will be called upon to give, and all the deserving poor will afterwards receive what is given. Let there be a full and a prompt attendance, that every arrangement adopted may be perfected before the next "cold snap," with its attendant want and misery.
